Re: Response to Professional Development Plan for FY2022-FY2023

Dear Suzanne,

I support this outstanding Plan for the coming two academic years. There is no need for me to detail the dizzying array of activities you have in mind, but these are going to be extremely full and, I hope, fulfilling years of professional development – as a leader in our Creative Writing program, as an artist, as a mentor to learners, and as a person. Your sabbatical project sounds brilliant and I believe it can make a big impact. You are set to emerge as an even more crucial figure in CLA and at Metropolitan State than you already are.

Warmly,

Doug
